TAFT EASY WINNER.

Obtains Indorsement of Ohio State Central Committee, Fifteen Votes to Six.

PEACE OVERTURES REJECTED

Forakerites on Committee Bitterly Oppose Declaration Commending Public Services of the Two Senators—Foraker Will Make Another Fight.

Columbus, O., July 31.—The candidacy of William H. Taft, secretary of war for the Republican nomination for president, was endorsed by the Republican state committee by a vote of 15 to 6. The indorsement carried with it a declaration that the Republicans of Ohio are opposed to the elimination from public life of Senators Foraker and Dick.

Although beaten by a decisive vote in all the preliminary contests, the adherents of Senator Foraker in the committee refused to accept the olive branch extended by the Taft supporters and when the resolution as amended was finally adopted no effort was made to make the action of the committee unanimous.

The resolution as amended and finally adopted by the committee is as follows:

WILLIAM H. TAFT.

"Be it resolved by the Republican state central committee of Ohio that we believe the great majority of the people of Ohio are opposed to the high character, great ability and distinguished services of Secretary Taft and his nomination for the presidency and for her."

Olive Branch Extended
"We declare that the Republicans of Ohio overwhelmingly desire that the name of the Honorable William Howard Taft be presented to the national convention of the Republican party and that the Republicans of other states be invited to cooperate with the Republicans of Ohio to secure his nomination in 1908. And be it further resolved that:

"We emphatically declare that the Republicans of Ohio are opposed to the elimination from public life of Senators J. B. Foraker and Charles Dick whose services to the party and to the state have been distinguished by ability, wisdom and patriotism."

The indorsement of Secretary Taft's candidacy by the Republican state central committee was vigorously opposed by Senator Foraker, who upon the eve of the meeting of the committee openly voiced his dissent to the proposition. On the 21st members of the committee favored Taft's policy on all counts except that taken upon the subject of the resolution indorsing Taft. A. W. McDonald, of the sixteenth district, broke with the Foraker forces on the final ballot which was 15 to 6.

First Test of Strength
The Taft resolution was presented to the committee as soon as it convened by Senator J. B. Foraker of the Fifth district, who had a letter in support of Mr. C. B. McCoy of the Seventeenth district, who led the Foraker forces. The point of order that the committee was not following the order of business set forth in the call for the meeting was ruled by Chairman Brown. The chairman ruled that the point was not well taken and Mr. McCoy appealed from the decision of the chair, which was sustained by a vote of 12 to 7. The members from the First and Second districts (Hamilton county) refrained from voting. The members who lined up on the side of Senator Foraker were George C. King, Sixth district; Andrew Hiss, Fourth district; C. B. McCoy, Seventeenth district; John S. McNair, Eleventh district; and Judge John J. Adams, C. Zanesville, who held the forty-fourth Black of the Fifteenth district.

Could Tried to Block It
It was at this stage of the proceedings that the amendment to the resolution declaring that the Republicans of Ohio are opposed to the elimination from public life of Senators Foraker and Dick whose services to the party and state have been distinguished by ability, wisdom and patriotism was offered by W. H. Phillips of the Fifth district. Committee Chairman Gould was a leader of the Ohio partisans endeavoring to block action at this time by a motion to adjourn. On a roll call the motion was defeated 14 to 7. The Phillips amendment was then put to a vote and adopted 11 to 10. All the Foraker men but three of the radical Taft supporters voted against it. The Taft men opposing the amendment were Messrs. Kirschner of the Twelfth district; Kent of the Nineteenth; and Beck of the Twentieth. The resolution as amended was then adopted by a vote of 16 to 5.

A. I. Foraker, the manager of the Taft campaign, declared last night the action of the committee was important in that it gave assurance to other states that Secretary Taft had the support of his party in Ohio and would be backed by the delegation from this state in the next national Republican convention.

Cincinnati, July 31.—When Senator Foraker learned of the action of the Republican state committee he gave out the following statement:
"I cannot add anything to what I said in my open letter published this morning. I wrote that letter foreseeing the result and feeling that it was my duty to give notice before hand that I would not be bound by any such unauthorized action. The committee had no more right to speak on that subject for the Republican of Ohio than any other 21 Republican of the state might have had and the action of the committee will not affect my course in any way. The next state convention will have authority to speak and by the action of that convention it will be the duty of every good Republican to abide by the result. We shall have our own help in the light of the light of the world. We shall no doubt be able to act intelligently and satisfactorily."

FIRST CONVENTION.

Republicans of Indian Territory Will Gather Today With 1,600 Delegates on Hand

Special to the Courier
TULSA, I. T., July 31.—A majority of the 1,600 delegates and a large number of other visitors have already arrived here in anticipation of the first Republican convention of the State of Oklahoma. The convention will be called to order at 10 o'clock tomorrow morning by E. L. Tamm, Chairman of the State Committee. The work of the convention in the language of the call will be to decide what will be the policy of the Republican party relative to the adoption of the proposed Constitution to make a declaration of party principles, to elect a State Committee and a Chairman of the State Central Committee and to nominate candidates for State officers. Should the convention decide to make such nominations?

Talks among the delegates here on the same show that the call is still a considerable distance from the ideal. Some of the delegates are in favor of the adoption of the proposed Constitution, while others are in favor of the adoption of the proposed Constitution. The delegates are in favor of the adoption of the proposed Constitution.

From the present indications the larger and more influential element of the party believe that the adoption of the proposed Constitution is inevitable and that the Republicans should prepare to accept the terms of the proposed Constitution. The delegates are in favor of the adoption of the proposed Constitution.

PLAYING OLD GAME.

Pinkerton Detectives Said to Be Stirring Up Trouble in Iron Ore Strike.

COLORADO TACTICS REPEATED

Gov. Johnson Asked by Assemblyman Stockwell to Investigate and Enforce State Law Against Use of Such Agencies by Employers.

St. Paul, Minn., July 31.—Answering a telegram received from O. E. Mahoney, acting president of the Western Federation of Miners, stating that the striking miners at Nashvank were in fear of their lives because of the intimidating tactics of Sheriff Hoolhan and his deputies, Gov. Johnson wired to that official for full particulars.

In the telegram it was stated that the miners were meeting in a hall when attacked by the sheriff and his deputies, and a number of them put in jail without warrants. The others were driven out and their lives threatened if they did not go back to work. Hoolhan is sheriff of Itasca county and his territory includes a number of the mines now closed down because of the strike. Protesters are being made to Gov. Johnson and Attorney General Young from various parts of the state against the reported use of Pinkerton and other armed men by the mine owners and the steel corporation.

Former Senator Stockwell, the author of law prohibiting the employment of such men, in a letter to Gov. Johnson calls the attention of that official to the fact that the statute book advised that he investigate without delay.

Duluth, Minn., July 31.—A reply has been drafted by the steel corporation in answer to the last communication of the striking ore handlers in which they announce their willingness to return to work upon the appointment of a committee of arbitration to settle the differences between the men and the company. This reply will be delivered to the men today. It is understood that the reply will assert the willingness of the company to meet any of the employees individually or as a committee to discuss with them any points in dispute, but at the same time pointing out that arbitration does not concern the main issues. Should the men decline to return to work pending a settlement by arbitration it is said the steel corporation will resume operations on the docks with such labor as it may have at its command.

Teofilo Petrella, the strike leader, was arrested at Hibbing on a charge of carrying concealed weapons. He was bound over to the grand jury in the sum of \$1,000. Bail was promptly furnished and he was released. About all of the men who have been stopping at West End hotels and who were supposed to have been brought in as strikebreakers in case the dock strikers refused to return to work, have disappeared and that they are housed in boarding camps on the ore docks. It is estimated there are some 200 men to operate the docks.

STEEL TRUST ENRICHED

Earnings for Last Quarter Exceed All Previous Records.

New York, July 31.—All records of the steel corporation in the manufacture of steel were shown to have been broken when the company's report for the quarter ended June 30, 1907, was made public after a meeting of the board of directors. The report shows that the company's total net earnings for the spring quarter were \$45,503,705, high-water mark record for any single quarter in the company's history.

This total is an increase of \$5,378,672 over the corresponding quarter last year. The amount of unfilled business on hand on June 30 last was 7,601,878 tons, an increase of 729,259 tons over last year. The directors said the amount of unfilled business on the company's books was a barometer indication of the steel-making business. The statement also shows that \$18,560,000 was set aside, after all charges, interest and dividends were paid, for new plants, additional property and construction. This is an increase of \$5,500,000 as compared with the appropriation for the same purposes for the quarter ended June 30, 1906.

WHAT ABOUT BORAH?

Labor Unions Want Him to Prove "Desirability" as Citizen.

Washington, July 31.—Organized labor in Washington has gone on the war path for the scrap of Senator Borah of Idaho, counsel for the state in the prosecution of Haywood. The following resolution was adopted by the Central labor union with practically no opposition:

"Whereas Senator Borah of Idaho is now under indictment for complicity in the labor law cases against the United States government; Therefore be it

Resolved, That the Central labor union petition and request the president of the United States to require or permit the attorney general to issue an order for arrest in such cases and provide speedy trial; that the striking of laborers may be removed from the name of a senator of the United States and that he may prove whether he is a desirable citizen or not."

It was also decided to send a telegram of congratulation to Haywood.

Our Presidents

WILLIAM M'KINLEY.

The twenty-fifth president of the United States was a native of Niles, O., born in 1823. Mr. McKinley was the twenty-fourth man to hold the office, but is called the twenty-fifth president because Mr. Cleveland, having been elected the second time after an interregnum, is known as the twenty-second and twenty-fourth president. Mr. McKinley rose to the rank of major in the civil war. He became a lawyer, served several terms in congress with conspicuous ability and was elected governor of Ohio in 1891 and again in 1895. He defeated William J. Bryan for the presidency in 1896 and 1900. President McKinley was assassinated by Leon C. Czolgosz at Buffalo, N. Y., Sept. 6, 1901.
